

Foreign Resident's Child Support Group

We offer support to children of foreign residents in elementary, middle and high schools with their schoolwork and study of Japanese.

- ① We will discuss and decide with you what day of the week and time your child would like to study. Every week at the same time they will study for two hours one-on-one with the same supporter.

- ② You can find us at L-Sola Sendai. It is located on the 28th floor of AER, near Sendai Station. <https://www.sendai-l.jp/center/ls/>

- ③ Study support is provided free of charge. However, you must pay for any learning materials and photocopying required. Please also pay the ¥1,000 yearly membership fee for your child using Japan Post Bank.

- ④ If your child will not be attending a study session, try to let their supporter know the day before via phone or email. If your child suddenly can not make it to a session, try to let their supporter at least two hours before the session start time.

- ⑤ Your child's study supporter:
