

Notification of Medical Examinations/Screenings for Residents of the City of Sendai

The City of Sendai offers screenings for various types of cancer as well as basic medical examination in order to protect the health of citizens. Foreign residents who have completed resident registration are also qualified to receive medical examinations/screenings at a cost lower than that offered by general hospitals. If you would like to receive examinations/screenings, please apply using the electronic application form on our website or the application postcard attached to the “Medical Examination/Screening Application Guide” (Japanese-language version) which will be included in the April issue of the Sendai City Newsletter. Please be sure to check the application deadline.

Please be aware that the examination ticket and the notification of results will be in Japanese.

1. Content and Targets of Examinations/Screenings

Depending on your date of birth and sex, you are qualified for different medical examinations/screenings. Please note that an examination ticket will not be issued if you apply for medical examinations/screenings that you are not qualified to receive.

Items	Contents	Targeted individuals and ages (Age as of March 31 of the year following the year of application)

Osteoporosis Examination	· Medical interview · Bone mass measurement	40, 50, 60 years old No need to apply Examination tickets will be sent to eligible individuals	Female

2. Procedures

Examination tickets for medical examinations/screenings that you applied for will be mailed to your home address individually. Screenings for gastric (stomach) cancer (X-ray), lung cancer/tuberculosis (TB), and colon (bowel) cancer will be provided at local Shimin (civic) centers or community centers as part of group screenings conducted by health checkup organizations. Other medical examinations/screenings will be provided at registered medical institutions in individual settings.

The method and timing of delivery of the notification of results varies depending on the medical examination/screening being undertaken. Please refer to your examination ticket for details.

- You can receive medical examinations/screenings in individual settings at medical institutions that offer services in languages other than Japanese. For applicable medical institutions, please ask the Sendai Multicultural Center.

(Tel: 022-224-1919 (Interpretation Support Hotline) E-mail: tabunka@sensia-sendai.jp)
